Minerals Technologies Announces Increase in Quarterly Dividend and Initiation of New Share Repurchase Program

NEW YORK, October 18, 2023 – Minerals Technologies Inc. (NYSE: MTX) (“MTI” or “the Company”) today announced an increase of its regular quarterly dividend to \$0.10 per share on the Company’s common stock. This is an increase of \$0.05 per share compared to the prior quarterly dividend. The dividend is payable on December 7, 2023, to stockholders of record at the close of business on November 1, 2023.

In addition, the Board of Directors for MTI has authorized a new, one-year \$75 million share repurchase program, effective immediately.

"This dividend increase and new share repurchase program is a reflection of the Board of Directors' continued confidence in the growth and financial performance of Minerals Technologies," said Douglas T. Dietrich, Chairman and Chief Executive Officer. "These actions are consistent with our stated balanced approach and history of returning cash to shareholders while maintaining our ability to fund our inorganic growth strategies."

Under the new share repurchase program, shares may be repurchased from time to time in the open market, through Rule 10b5-1 trading plans, or in privately negotiated transactions at the Company’s discretion, subject to market conditions and other factors, and in accordance with applicable regulatory requirements. The program does not require the purchase of any minimum number of shares and may be suspended or discontinued at any time without prior notice.

FORWARD-LOOKING STATEMENTS

This press release may contain "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995. Forward-looking statements provide current expectations and forecasts of future events such as new products, revenues and financial performance, and are not limited to describing historical or current facts. They can be identified by the use of words such as "believes," "expects," "plans," "intends," "anticipates," and other words and phrases of similar meaning. Forward-looking statements are necessarily based on assumptions, estimates and limited information available at the time they are made. A broad variety of risks and uncertainties, both known and unknown, as well as the inaccuracy of assumptions and

estimates, can affect the realization of the expectations or forecasts in these statements. Actual future results may vary materially. Significant factors that could affect the expectations and forecasts include worldwide general economic, business, and industry conditions; the cyclical nature of our customers' businesses and their changing regional demands; our ability to compete in very competitive industries; consolidation in customer industries, principally paper, foundry and steel; our ability to renew or extend long term sales contracts for our satellite operations; our ability to generate cash to service our debt; our ability to comply with the covenants in the agreements governing our debt; our ability to effectively achieve and implement our growth initiatives or consummate the transactions described in the statements; our ability to successfully develop new products; our ability to defend our intellectual property; the increased risks of doing business abroad; the availability of raw materials and access to ore reserves at our mining operations, or increases in costs of raw materials, energy, or shipping; compliance with or changes to regulation in the areas of environmental, health and safety, and tax; risks and uncertainties related to the voluntary petitions for relief under Chapter 11 of the U.S. Bankruptcy Code filed by our subsidiaries Barretts Minerals Inc. and Barretts Ventures Texas LLC; claims for legal, environmental and tax matters or product stewardship issues; the continuing effects of the COVID-19 pandemic and the resulting preventative measures; operating risks and capacity limitations affecting our production facilities; seasonality of some of our businesses; cybersecurity and other threats relating to our information technology systems; and other risk factors and cautionary statements in our 2022 Annual Report on Form 10-K, Quarterly Reports on Form 10-Q, Current Reports on Form 8-K and other reports filed with the Securities and Exchange Commission. The Company undertakes no obligation to publicly update any forward-looking statement, whether as a result of new information, future events, or otherwise.
