Section 2 – Resource Extraction Issuer Disclosure

Item 2.01 Resource Extraction Issuer Disclosure and Report

Disclosure of Payments by Resource Extraction Issuers

(a) Minerals Technologies Inc. (“MTI” or the “Company”) is a global, technology-driven specialty minerals company that develops, produces, and markets a wide range of minerals and mineral-based products and services. The Company is the world’s largest producer of bentonite and a leading producer of calcium carbonate. The Company’s products and minerals are an essential part of everyday life for millions of people around the world.

The Company has two reportable segments: Consumer & Specialties and Engineered Solutions.

- The Consumer & Specialties segment serves consumer end markets directly with mineral-to-market finished products and also provides specialty mineral-based solutions and technologies that are an essential component of our customers’ finished products. The two product lines in this segment are Household & Personal Care and Specialty Additives.
- The Engineered Solutions segment serves industrial end markets with engineered systems, mineral blends, and technologies that are designed to improve our customers’ manufacturing processes and projects. The two product lines in this segment are High-Temperature Technologies and Environmental & Infrastructure.

This Form SD is filed by the Company pursuant to Rule 13q-1 under the Securities Exchange Act of 1934, as amended, for the period from January 1, 2025 to December 31, 2025 (the “Reporting Period”). The payment disclosure required by this Item 2.01 is included as Exhibit 2.01 to this Form SD.

All payments are reported in U.S. dollars. Payments that were made in currencies other than in U.S. dollars have been converted to U.S. dollars using the exchange rates as of December 31, 2025.
